

Saint Gabriel

Consolidated School

May 30th, 2024

Dear Parent or Guardian of an incoming 5th Grade Student,

I am pleased to tell you that we will be using IXL for our **Summer Math work!** IXL is a comprehensive learning program offering mathematics practice across hundreds of key skills. One of the best things about IXL is that your child can access it from home, so you have a chance to see their progress!

The IXL Summer Math Boost is designed for students to work on 4th Grade review topics throughout the summer. ***This is a four week program with daily skills to practice.*** Please encourage your child to use IXL regularly throughout the summer. Use of a pencil and paper in conjunction with the program is highly recommended.

The completion of this assignment will be taken for a grade the first week of school (August 22nd, 2024). This assignment may be found on our Google Class page for Math.

To get your child started on their device, please follow these steps:

1. Log into Google using the attached login credentials.
2. Visit our Google Class page for Math.
3. Under the "Classwork" tab you will see an assignment for Summer Math work.
4. Click the assignment and follow the instructions. Use the IXL login info attached.

Sincerely,

Stephen Imwalle
s.imwalle@stgabeschool.org

P.S. There's a "Study in the Sun" contest offered by IXL that your child has already been enrolled in. It runs June 10th-August 4th, 2024.
